WHY CHOOSE ALEMITE

For over 100 years, Alemite has provided quality lubrication systems and fluid handling equipment to meet the needs of a broad range of applications. We have earned an international reputation as a leader in designing and manufacturing cost-effective, high-performance systems that deliver maximum efficiency, productivity, and reliability.

Alemite's global sales network of distributors is supported by a superior direct sales team, including knowledgeable sales, technical, and customer service staff. Our factory-trained district managers have field experience and assist customers with technical and equipment application solutions, ensuring that the products and systems selected will provide optimum results.

The company continues to expand and improve its line by developing products to serve new markets and applications. Alemite's development process allows our engineers to design products based on customer input. In addition, we provide custom-engineered solutions for specific applications as requested. The Alemite quality process engages all employees in driving the goals of customer satisfaction and continuous improvement. Our ISO/TS 16949:2002-certified process ensures that Alemite's products meet these goals, as well as those of stringent laboratory and field testing for performance and long life.

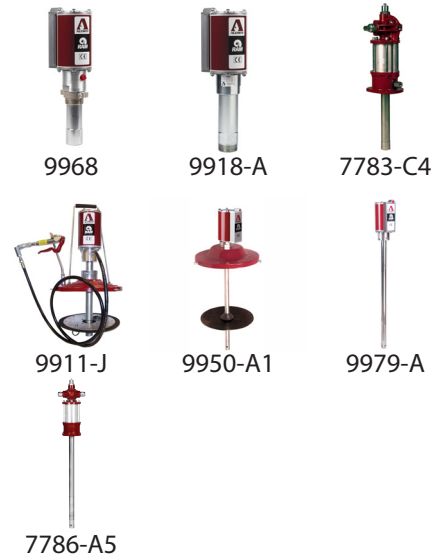

PUMPS

Alemite Oil Pumps are ideal for applications where fluids are piped to multiple outlets. Combined with Alemite Hose Reels, Dispensing Valves, and Meters, Alemite Oil Pumps deliver motor oils, gear oils, cutting oils, hydraulic oils, machine coolants, automatic transmission fluids, and a wide range of petroleum-based fluids from tanks, drums, totes, and pails. Alemite Oil Pumps can be used for bulk transfer or direct delivery from the original container.

Alemite Pumps	Description	Fluid Type
9968	5:1 RAM Oil Pump	Oil
9918-A	3:1 RAM Oil Pump	Oil
7783-C4	6:1 Heavy Duty Oil Pump	Oil
7793-C	12:1 Heavy Duty Oil Pump	Oil
9911-J	50:1, RAM 35lb Grease Pump Package	Grease
9950-A1	50:1, RAM 120lb Grease Pump, Cover, and Follower	Grease
9979-A	50:1, RAM 400lb Grease Pump, Cover, and Follower	Grease
7786-A5	75:1, 400lb Grease Pump	Grease

Alemite Diaphragm Pumps and Drains	Description
8323	1" Diaphragm Pump, Aluminum
8325	UL 1" Diaphragm Pump
8595-A	Evacuation Kit
8592	25 Gallon Waste Oil Drain
7936	1/4" Mini Filter Regulator

343509 Oil Trolley Package

343510 Grease Trolley Package

REELS

Alemite reels set the standard for quality and durability in the lubrication industry. Each reel type has been developed, constructed, and rigorously tested to ensure optimum performance and safe operation. Designed to deliver water, oil, grease, fuel, hydraulic fluid, antifreeze, and windshield washer solvent, most Alemite reels feature a factory-lubricated, one-piece power spring cassette for simple installation and maintenance.

Single Arm Reels	Description	Use
8078-D	1/2" x 50FT Oil Reel	Oil
8078-DBK	1/2" x 50FT Oil Reel, Black	Oil
8078-F	3/8" x 50FT Air/Water Reel	Air/Water
8078-FBK	3/8" x 50FT Air/Water Reel, Black	Air/Water
8078-M	1/2" x 50FT Air/Water Reel	Air/Water
8087-T	3/8" x 50FT Grease Reel	Grease
8078-B	1/4" x 50FT Grease Reel	Grease

8078-D

8078-DBK

8078-F

Dual Arm Reels	Description	Use
8080 Series Reels	High Capacity, Heavy Duty 50-100FT Reels	Oil, Grease, Air/Water, Fuel
8081 Series Reels	Heavy Duty, Double Post Reels	Oil, Grease, Air/Water, Fuel
8016/8017	30FT Compact Reels	Oil, Grease, Air/Water, Fuel

8080 Series

8081 Series

8016-B

8017-K

Enclosed Cabinet Reels	Description	Use
8079 Series	Enclosed Reels designed for Reel Cabinets	Oil, Grease, Air/Water
7331	Enclosure Kit for one enclosed reel	All 8079 Reels
339371	End panels for one bank of enclosed reels	All 8079 Reels

8079 Series

7331

339371

Reel Mounting System	Description	Use
Alemite's Reel Mounting System is designed for use with our popular Heavy-Duty Hose Reels. The system utilizes a channel and bracket for safe, convenient, and easy installation.		All 8078 & 8079 Reels

METERS

Alemite Meters and Control Valves provide consistent, reliable and accurate dispensing of oil, grease, automatic transmission fluid and other petroleum-based products. Each features a proven, ergonomic design for operator comfort.

Alemite Meters	Description	Use	Measures
3670	Electronic Automatic Rigid Meter	Oil, Gear Oil, Transmission Fluid, AF Concentrate	Quart
3670-B	Electronic Manual Rigid Meter	Oil, Gear Oil, Transmission Fluid, AF Concentrate	Quart
3671	Electronic Automatic Flexible Meter	Oil, Gear Oil, Transmission Fluid, AF Concentrate	Quart
3671-B	Electronic Manual Flexible Meter	Oil, Gear Oil, Transmission Fluid, AF Concentrate	Quart
3640-3	Electronic Pre-Set Meter, Rigid, Auto tip	Oil, Gear Oil, Transmission Fluid, AF Concentrate	Quart, Pint, Gallon, Liter
3685-F	Mechanical Meter, Flexible, Manual tip	Oil, Gear Oil	Quart
3690-C	Mechanical Pre-Set Meter	Oil	Quart

Control Valves	Description	Use	Measures
6320-3	High-Pressure Grease Control Valve	Grease	Free flow, Pre-Set
7498	Non-Metered Control Valve, rigid extension, auto tip	Oil	Free flow

FLUID MANAGEMENT SYSTEMS

AFCS Enterprise Controller model number 343530

The Alemite AFCS Enterprise fluid inventory control management system and software are designed to accurately track, monitor, and dispense fluids in vehicle service applications. This fluid management system utilizes a standard Internet browser to access the software and provides significant savings by operating up to 50 sites with one server installation.

Fluid Guard 2 System model number 343596

Alemite's Fluid Guard 2 fluid management system is simple to install and easy to operate. Developed for vehicle maintenance applications, this system can dispense engine oil, transmission fluid, washer fluid, antifreeze, and diesel exhaust fluid.
